DETERMINATION OF RESIDENCE

The Arizona Board of Psychologist Examiners has adopted this Substantive Policy Statement to provide the public with information useful in the Board's implementation of A.R.S. § 32-4302 which mandates the issuance of a professional or occupational license to a person who has been licensed in another state for at least 12 months and who meets certain conditions. This Substantive Policy Statement addresses only the residence requirement of A.R.S. § 32-4302; a person may be required to meet additional conditions.

As amended, A.R.S. § 32-4302(A) provides that a person shall be granted an occupational or professional license in the same discipline and at the same practice level if the person establishes residence in Arizona. The Board recognizes that there may be a number of different ways a person may try to demonstrate that they have established residence in the State. Applicants who seek licensure under A.R.S. § 32-4302 shall submit objective evidence that they reside in Arizona. The burden to demonstrate residence rests with the applicant. The question of whether residence has been established

rests exclusively with the Board. Objective evidence that an applicant has established residence in Arizona may include, but is not limited to:

- A valid Arizona driver's license
- A current a motor vehicle registration
- Proof of filing Arizona income taxes in the most recent tax year
- Arizona voter registration
- Documentation of a mortgage for an Arizona residence
- A dated rental contract with proof of payment
- Proof of major banking services in Arizona
- Proof of establishment of Arizona utilities
- Enrollment of children in Arizona schools
- Documentation demonstrating a change in permanent address on all pertinent records
- Military Form 2058

In determining whether an applicant has satisfied the residence requirement of A.R.S. § 32-4302(A), the Board will consider all reasonable evidence demonstrating that an applicant has established residence in Arizona.
