Ms. Michaelsen reminded the Board that Dr. DenBoer entered into a Consent Agreement in 2020 that stipulated Dr. DenBoer’s voluntary surrender of his psychology license. In February 2021, the Board voted to issue Dr. DenBoer a Cease and Desist Order after receiving information that Dr. DenBoer continued to hold himself out as a licensed psychologist at an employment interview. Board staff recently received information that Dr. DenBoer again appears to be holding himself out as a licensed neuropsychologist on his website. Specifically, in August 2022, Dr. DenBoer wrote an article on his website which indicated that he is a licensed neuropsychologist. Board staff reviewed Dr. DenBoer’s website and confirmed that in some instances Dr. DenBoer does disclose on his website that he is not currently licensed. However, other parts of his website indicate he is a trained postdoctoral neuropsychologist. The Cease and Desist Order states that the Board may take additional action if Dr. DenBoer continues to hold himself out as a licensed psychologist.

Dr. Meier further stated that he is not familiar with Dr. Richard Lanyon but asked Dr. Barbara Lanyon if she would like for him to recuse. Dr. Barbara Lanyon had no objection to Dr. Meier reviewing this matter.

The Board deliberated. Dr. Stewart recognized that Dr. Lanyon was first licensed in the 1970's and asked the Board to take her longevity into consideration. Dr. Mellott noted that the Board no longer sends license expiration notices post-expiration. 17. DISCUSSION, CONSIDERATION AND POSSIBLE ACTION REGARDING RECOMMENDATIONS OF THE LEGISLATIVE & RULES COMMITTEE

Ms. Paakkonen provided a summary stating that the Board's Legislative and Rules Committee (Committee) met in August and September 2022. Ms. Paakkonen provided the Committee's recommendations as follows:

- A.R.S. §32-2061(16)(cc) – change the word “including” to “excluding”.

Dr. Stewart asked Ms. Paakkonen to clarify the language. Ms. Paakkonen stated that changing the language will align the Board's statute with the American Psychological Association Ethical Principles of Psychologist and Code of Conduct.

- A.R.S. §32-2071(A)(4)(c)(d)(e) – change “basis” to “bases”.
- A.R.S. §32-2071 – to allow an individual to utilize documentation that has been stored in the Association of State and Provincial Psychology Boards (ASPPB) credential’s databank. The documentation received from ASPPB would be considered primary source verification.
- A.R.S. §32-2071.01 – add the Canadian Psychological Association (CPA) Accreditation to section C.

Dr. Stewart commented that he endorses this change. Dr. Meier also endorses this change as the American Psychological Association recognizes the CPA’s accreditation as at least equivalent to that of the American Psychological Association.

- A.R.S. §32-2071 and A.R.S. §32-2071.01(D) – to accept the training and education requirements for an applicant applying for the examination or for an applicant that is applying for exam and licensure if the applicant holds one of the following:
 - A credential by the National Register of health Service Providers in Psychology;
 - Is a Diplomate of the American Board of Professional Psychology;
 - Holds a Certificate of Professional Qualification (CPQ) with ASPPB

Dr. Stewart commented that he endorses this change.

- A.R.S. §32-207(C) – change statutory language to allow an applicant in a psychology program to take the Examination for Professional Practice in Psychology Part 1 before completing all of the education requirements.

Dr. Mellott discussed language to be changed/added to the statute. Ms. Paakkonen suggested requiring a letter from the Program Director. Dr. Mellott and Dr. Meier suggested language to allow an applicant to take the exam before the degree is conferred. Dr. Mellott commented that she supports the change.

- A.R.S. §32-2073 – Add a section that would describe a temporary license holders title.

Dr. Mellott suggested using the title Licensed Associate Psychologist for temporary license holders. Dr. Stewart asked for clarification in that adding a title would not create a new level of licensure. Dr. Meier confirmed that the title is specifically for temporary license holders. Board members discussed the fact that the Board used the title Licensed Associate Psychologist in the past. The former Executive Director of the Psychology Board, Dr. Cindy Olvey, was present and addressed the use of the title Licensed Associate Psychologist. Dr. Olvey stated that she does not recall the use of the title Licensed Associate Psychologist. Board members discussed potential billing issues for a person with the title Licensed Associate Psychologist. Ms. Fowkes stated that California designates the title Psychologist Associate for a supervised license holder. It was the consensus of the Board to table this item to a future meeting to conduct additional research.

Chairwoman Davis-Wilson asked if the Board is able to run behavior analyst legislation concurrent with psychology legislation. Chairwoman Davis-Wilson stated that the Board’s Committee on Behavior Analysts previously reviewed statutes with the intent to run legislation when the Board opened legislation. It was the consensus of the Board to run legislation for psychologists and behavior analysts concurrently. It was the consensus of the Board to table this item to the Board’s November 2022, meeting.
