This item was considered around 8:29 a.m.

Dr. McCall and Attorney Tammy Thibodeaux participated in the virtual meeting during the Board's consideration of this matter. Members of the licensee's treatment team also participated in the virtual meeting, including Dr. Maria Faria, Dr. Mark Rohde, and Ms. Erin Stanfield.

Deputy Director Michaelsen summarized that Dr. McCall entered into a Consent Agreement with the Board effective September 23, 2020 that required practice monitoring consisting of meeting with the monitor twice per month for two hours for the first six months, after which time she is permitted to request modification of elimination of the requirement. The Board subsequently amended the agreement in November of 2020 to require the licensee to submit to drug testing four times per month using a testing method as required by Dr. Faria; after four months, this requirement may be reassessed and altered with report to the Board. Dr. McCall has requested elimination of the practice monitoring requirement and reduction in the frequency of drug screens. The practice

monitor has recommended termination of the practice monitoring requirement as Dr. McCall has been in full compliance with the requirement. Dr. Faria submitted a quarterly report to the Board recommending random drug testing reduction to three times per month for the next four months with the stipulation that additional can be done if needed.

Dr. Rhode reported that Dr. McCall has been fully compliant with practice monitoring requirements and that it was a pleasure to work with the treatment team. He stated that he did not perceive any risk to the community and that he was impressed by the process that was identified and put into place to help the licensee. AAG Galvin recalled Dr. McCall reported previously that she planned to move her place of residence and questioned whether such a move had taken place. Dr. McCall confirmed that she relocated and that she updated the Board with her new address.

She stated that the licensee has and continues to take responsibility and accountability, and that she has expressed her willingness to participate in any testing as needed.

## **8. DISCUSSION, CONSIDERATION AND POSSIBLE ACTION REGARDING A REQUEST FROM SARETTE ZECHARIA, PH.D. TO TERMINATE PROBATION FOR CASE NO. 20-35**

This item was considered around 8:21 a.m.

Dr. Zecharia and Attorney John Ager participated in the virtual meeting during the Board's consideration of this matter.

Deputy Director Michaelsen summarized that in September 2020, the Board issued a disciplinary order for probation and supervision after holding a Formal Interview in this matter. Dr. Zecharia's license was placed on probation for six months with the requirement to meet with a practice monitor twice monthly for a minimum of two hours. After six months, the licensee may petition the Board for probation termination. Deputy Director Michaelsen reported that Dr. Zecharia engaged in practice monitoring for the last six months and that the second quarterly report recommended concluding the monitoring requirement. The practice monitor found that Dr. Zecharia has successfully completed her goals and objectives, and has maintained a solid professional network to seek consultation when the need arises.

Mr. Ager referred the Board to the practice monitor's reports and asked the Board to use their discretion to end the probation and restore Dr. Zecharia's license. Dr. Caterino recalled that one issue identified in this case involved patients and insurance companies that were being billed for services rendered by an individual who did not hold appropriate credentials. Dr. Caterino questioned whether the patients were reimbursed their copay fees. AAG Galvin advised that the issue before the Board at this time involved whether the licensee has successfully completed the terms of probation.

**MOTION: Ms. Shreeve moved for the Board to grant the request to terminate the probation, effective upon receipt of the order completed by staff.**

**SECOND: Chairwoman Davis-Wilson**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

AAG Galvin clarified that the order for termination will become effective on the date it is sent to the parties.

**9. DISCUSSION, CONSIDERATION, AND POSSIBLE ACTION REGARDING SELF-REPORT AND REINSTATEMENT/RENEWAL APPLICATION SUBMITTED BY APRIL WIECHMANN, PH.D.**

This item was considered around 8:37 a.m.

*Dr. Mellott joined the meeting at 8:40 a.m.*

Dr. Wiechmann participated in the virtual meeting during the Board's consideration of this matter.

Deputy Director Michaelsen summarized that Dr. Wiechmann was issued an Arizona license in 2012 and entered inactive status in 2017. Dr. Wiechmann also holds licensure in Texas where she currently resides and practices. In December of 2020, Dr. Wiechmann contacted Board staff regarding her renewal and reported criminal charges involving domestic violence, which was not reported within the ten days of the occurrence as required by statute. Deputy Director Michaelsen reported that Dr. Wiechmann promptly submitted a narrative of the events that led to the criminal charges as well as the related court documents. Dr. Wiechmann was charged with two counts of misdemeanor assault on a family member that occurred in Texas in August 2020, four months prior to the licensee making initial contact with Board staff. Deputy Director Michaelsen informed the Board that according to the Texas Board's Executive Director, arrests and charges are not required to be reported, only the final disposition. Dr. Wiechmann subsequently reported that the charges were dismissed on March 4, 2021. Deputy Director Michaelsen confirmed that the licensee filed her renewal application in February 2021 and disclosed the criminal charges accordingly.

Dr. Wiechmann stated her appreciation for Board staff's assistance, and reported that she has not practiced in Arizona and was not aware of the reporting requirements. She stated that the charges have since been dismissed with no requirements and that she is eligible for immediate expungement. Dr. Wiechmann apologized for the oversight, and stated that she has learned from this experience and wished to maintain her inactive license in Arizona. Dr. Gill questioned whether the police report was obtained for review. AAG Galvin reported that a request was submitted with no response as of yet, and that according to information submitted by the licensee, Texas law restricts the release of police reports. Dr. Wiechmann reported that she did not receive a copy of the police report and that she believed the charges were dismissed due to dishonesty in the original police report.

Chairwoman Davis-Wilson recognized that the licensee reviewed the reporting requirements for the state in which she practices and that she attempted to remediate the issue as quickly as possible regarding her Arizona license. Chairwoman Davis-Wilson spoke in favor of renewing the inactive license and dismissing concerns relating to reporting. Dr. Mellott agreed and stated that the situation was unique, and she stated her appreciation for the licensee's due diligence in following up with the Texas Board.

**MOTION: Dr. Mellott moved for the Board to renew the inactive license and take no further action.**

**SECOND: Chairwoman Davis-Wilson**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

## **10. DISCUSSION, CONSIDERATION, AND POSSIBLE ACTION REGARDING SUPERVISEE PRACTICE UNDER SUPERVISOR'S PSYPACT AUTHORITY TO PRACTICE INTERJURISDICTIONAL TELEPSYCHOLOGY ("APIT")**

The Board considered this item around 11:30 a.m.

Executive Director Herbst Paakkonen reported that Arizona is one of the participating jurisdictions under the Psychology Interjurisdictional Compact ("PSYPACT"), whose commission establishes rules including under APIT. She stated that the November 2020 meeting of the PSYPACT commission involved discussion relative to whether APIT authority extended to trainees under those psychologists who are granted such authority. She stated that it would be appropriate for the Board, through her as the Commissioner, to request that the commission consider making such a change.

**MOTION: Dr. Meier moved for the Board to instruct the Executive Director as Commissioner to submit the request to extend the authority to trainees to the PSYPACT commission.**

**SECOND: Chairwoman Davis-Wilson**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

## **11. DISCUSSION, CONSIDERATION AND POSSIBLE ACTION EVALUATION AND MANAGEMENT SYSTEM PROPOSALS**

This item was considered around 11:00 a.m.

Executive Director Herbst Paakkonen summarized that it has been well documented that the rollout and implementation of the e-licensing platform shared across 13 agencies missed many requirements that were articulated and requested by the Board, but were not developed into the final product. She stated that the prior Executive Director determined that the functioning of the system as it related to application intake and application review was so deficient that they pulled those business functions the system entirely. Executive Director Herbst Paakkonen clarified that the e-licensing system is currently being used for the purposes of license renewals only. She stated that the complaints or claims processes continue to be managed in separate files. She reported that the Agency has done its due diligence to try and address the deficiencies and fix the problems including using an outside vendor to develop materials that were submitted to ASET for review and consideration as to how the system could be improved to better meet the Board's needs. ASET at that time elected to assume the development identified in those materials rather than outsource it to an outside vendor.

Executive Director Herbst Paakkonen reported that the Agency requires very specific and detailed application instructions to be provided to applicants and that in absence of those instructions, applicants submit materials that are incomplete or that are otherwise unacceptable. She stated that this issue will not be resolved through the current e-licensing system. She explained that another issue with the current system related to the inability to identify a vendor to implement a utility to the system that creates a report output that is the application file, and that individuals cannot log into the system the way it is currently programmed and navigate to find information needed to effectively perform a substantive review. Executive Director Herbst Paakkonen reported that based on her research and observing a number of demonstrations on this product, she believed Thentia was capable of meeting the Board's needs. She further reported that a matrix was provided to both Thentia and ASET that outlined the Board's specific requirements, and that Thentia answered in the affirmative to its ability to meet the business requirements as outlined. Thentia also indicated that they believed the system could be developed and delivered by July 31, 2021 for about \$12,000. Executive Director Herbst Paakkonen reported that she received an incomplete proposal from ASET and that she disagreed with a number of statements made in their documentation wherein they confirm certain functionalities do exist within the current system when they do not.

In response to Board members' questions, Executive Director Herbst Paakkonen confirmed that there were no

procurement concerns relative to acquiring Thentia's product and that other Executive Directors have raved about this product as well as the company's ability to deliver what they need. She also reported that the ASPPB's Plus system was not an option as they are not accepting new jurisdictions at this time. Dr. Mellott spoke in favor of proceeding with Thentia as a solution to the Board's licensing platform issues.

**MOTION: Dr. Mellott moved for the Board to proceed with the proposal from Thentia.**

**SECOND: Ms. Shreeve**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

## **12. DISCUSSION, CONSIDERATION AND POSSIBLE ACTION REGARDING INCORPORATING BY REFERENCE THE CURRENT VERSION OF THE ETHICAL PRINCIPLES OF PSYCHOLOGISTS AND CODE OF CONDUCT OF THE AMERICAN PSYCHOLOGICAL ASSOCIATION ("APA")**

This item was considered around 10:11 a.m.

Frederick Wechsler, Ph.D., Psy.D., participated in the virtual meeting during the Board's consideration of this matter.

Executive Director Herbst Paakkonen reported that this issue emerged from the Legislative and Rules Committee when considering whether to promulgate a rule change to adopt the current version of the APA Code of Ethics. The Committee determined that this issue required the full Board's evaluation. At its March 2021 meeting, the Board heard a presentation from Joel Dvoskin, Ph.D., ABFP, who reported on the different versions of the APA's ethical code. At that time, the Board requested additional information and to invite another expert to appear before the Board with the specific perspective as military psychologist. The Board received the current version of the APA's Ethical Principles of Psychologists and Code of Conduct that reflected the 2010 and 2016 edits, as well as copies of meeting minutes from August 2012, October 2015 and March of 2017 which memorialize the Board's prior discussions on this topic.

Dr. Wechsler provided the Board with a brief overview of his background and extensive experience working with military personnel. Dr. Caterino stated that based on her own research, only a few states reference the APA's code of ethics and she questioned what caused the Board to make such a reference in its own statutory framework. Dr. Wechsler stated that to the best of his recollection, a discussion was held years ago relative to whether a violation of the APA's ethical code constituted a violation of state statute, and it was determined that a licensee's failure to adhere to the APA's ethical code would also be considered a violation of Arizona statute.

Executive Director Herbst Paakkonen clarified that A.R.S. § 32-2063(A)(11) provides that the Board shall adopt a code of ethics and base it on the code of ethics adopted and proposed by the APA. Ms. Shreeve recalled the Board's prior discussions of potentially adopting a more recent version of the APA's code of ethics and Board members' concerns regarding possible conflict with psychologists practicing within the military. Dr. Wechsler opined that adoption of a more recent version of the APA's code of ethics would not likely affect forensic or military psychologists. Chairwoman Davis-Wilson questioned whether the Board should adopt language similar to that of the Behavior Analysts to incorporate referencing the current version of the code which would only change if the Board has issues with the APA's current version.

Mr. Dynar stated his concerns regarding the Board making any reference to the APA's code of ethics in its statutory framework and stated that he strongly objected to adopting the 2010 and 2016 amendments. He stated that under the Board's current statutes, a licensee has the ability to use the current version of the code of ethics as a defense that they did not engage in unprofessional conduct. Mr. Dynar further stated his concerns that adoption of the 2010 or 2016 versions would nullify federal law, which he stated is not the State's job to introduce or incorporate rule language that would nullify federal law. Mr. Dynar reiterated his strong objections

to adopting the 2010 and 2016 versions. Dr. Mellott stated that based on her recollection of prior Board discussions on this topic, Mr. Dynar's expressed concerns are similar to that of the Board's prior discussions, particularly articulated by the late Dr. Bohanske.

Dr. Gill requested Mr. Dynar reduce his concerns into writing for the Board's review to better understand his position as well as the statutory references. Mr. Dynar offered to work with the AAG to obtain an opinion from the Attorney General on this matter. Ms. Shreeve spoke in favor of the Board maintaining its adoption of the 2003 version. Dr. Meier spoke in favor of the Board adopting the current version of the APA's code of ethics and stated that he supported Dr. Gill's request to review Mr. Dynar's position in writing along with the statutory references as well as additional legal guidance on the impact of this.

It was the consensus of the Board to seek additional legal advice on this matter. AAG Galvin requested Mr. Dynar submit his concerns in writing to help her frame the issue and report back to the Board. The Board thanked Dr. Wechsler for participating in today's proceedings.

### **13. DISCUSSION, CONSIDERATION AND POSSIBLE ACTION RELATING TO RENEWAL APPLICATION SUBMITTED BY MATTHEW K. NIELSEN, PSY.D.**

This item was considered around 8:58 a.m.

Executive Director Herbst Paakkonen reported that Dr. Nielsen submitted his license application in March of 2021 wherein he answered in the affirmative to a number of application questions relative to a pending investigation with the US Airforce. Dr. Nielsen retired from active duty in July of 2020, but prior to doing so, he disciplined some subordinates who subsequently filed a complaint against him which is currently open and under investigation.

Dr. Nielsen explained that he was overseeing the behavior health unit and disciplined staff who then filed complaints alleging that they were disciplined as a form of retaliation for a prior complaint. He stated that it does not relate in any way to the provision of psychological services and was purely an administrative issue.

**MOTION: Dr. Mellott moved for the Board to grant the license renewal and ask the licensee to keep the Board informed as to the progress and final report of the investigation when it becomes available.**

**SECOND: Dr. Meier**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

### **14. DISCUSSION, CONSIDERATION, AND POSSIBLE ACTION RELATING TO REINSTATEMENT APPLICATION SUBMITTED BY DENNIS E. BROADBENT, PH.D.**

This item was considered around 11:17 a.m.

Executive Director Herbst Paakkonen summarized that this matter concerned Dr. Broadbent's application for license renewal and reinstatement. Dr. Broadbent's license expired on February 28, 2021, he practiced for two days on the expired license and he submitted CE credits that were completed after the deadline. Dr. Meier stated that it appeared from Dr. Broadbent's response that he was continuing to provide services with an expired license. Dr. Gill clarified that Dr. Broadbent indicated he was continuing to provide emergency services. Ms. Shreeve questioned whether a license is required to provide emergency services and whether such services would be covered by insurance if the individual's license is not valid. Dr. Mellott noted that these services could be provided under the auspices of an agency and while under supervision.

The Board discussed postponing this matter to its next meeting and request Dr. Broadbent's participation versus granting the license renewal and initiating an investigation to address practicing without a license. Chairwoman Davis-Wilson spoke in support of granting the renewal and pursuing an investigation. Dr. Gill commented that

it was in the community's best interest to renew the license and pursue a complaint. With respect to the failure to complete the required CEs for license renewal, Dr. Mellott pointed out that there was an exemption under the COVID pandemic. Executive Director Herbst Paakkonen explained that Dr. Broadbent did not request a waiver prior to the deadline and clarified that one would have been granted had such a request been made. Dr. Gill stated his concerns with the individual's lack of attention to details. Dr. Mellott recognized that Dr. Broadbent has been licensed for forty years with no prior issues and has provided a strong service in the State. She also pointed out that the Board currently issues its notifications through electronic means only and that Dr. Broadbent had indicated that he switched internet providers. Ms. Shreeve commented that licensees are required to know the deadlines that apply to their license.

**MOTION: Dr. Mellott moved for the Board to grant the license renewal and to initiate an investigation against Dr. Broadbent for practicing on an expired license and failure to complete the CEs require for license renewal.**

**SECOND: Dr. Gill**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

## **15. DISCUSSION, CONSIDERATION, AND POSSIBLE ACTION RELATING TO REACTIVATION REQUEST SUBMITTED BY EDWIN L. HILL, PH.D.**

This item was considered around 8:48 a.m.

Dr. Hill participated in the virtual meeting during the Boards consideration of this matter.

Executive Director Herbst Paakkonen reported that Dr. Hill has had an inactive license since April 30, 2017 and recently submitted his request to reactivate the license under the COVID waiver. Dr. Hill disclosed that he is currently under a disciplinary order in Washington with terms that involve completion of CE and a period of two years wherein he shall be subject to unannounced inspections at his office.

Dr. Hill reported that he has made several changes to his practice to keep client information confidential including converting to an electronic records system and securely locking up records in a closet only accessible by staff. Dr. Mellott emphasized the importance of keeping records confidential. Dr. Hill stated that the complaint related to having more than one patient's record on his desk while another individual was in his office being reviewed. He clarified that when the investigator presented to his office for an unannounced site visit, he was not seeing patients that day and had several patient files on his desk while doing dictations and filing. Dr. Hill confirmed that he is currently not practicing in Arizona.

Dr. Mellott stated that the behavior appears to have been addressed by the Washington Board, including a fine levied against Dr. Hill. Dr. Mellott spoke in favor of granting the license renewal and reactivation, and she suggested that Dr. Hill inform the Arizona Board in the event that he plans to practice in Arizona prior to termination of the Washington Board's Order. AAG Galvin clarified for the Board that licensees are required to report administrative disciplinary matters at the time of license renewal.

**MOTION: Dr. Mellott moved for the Board to grant the license renewal and reactivation, and instructed Dr. Hill to inform the Board in the event that he plans to practice in Arizona prior to the termination of his Washington Board's Order.**

**SECOND: Mr. Dynar**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

## **16. DISCUSSION, CONSIDERATION, AND POSSIBLE ACTION REGARDING CONSTITUTIONAL IMPLICATIONS OF REQUIRING CONTINUING EDUCATION (“CE”) IN DIVERSITY**

This item was considered around 11:35 a.m.

AAG Galvin reported that this issue was raised at the Board’s last meeting and request was made for an informal AG opinion. She stated that based on her legal analysis, requiring licensees to complete some portion of CE in the topic of diversity does not violate the Arizona Constitution. Dr. Meier emphasized the importance in the wording used and spoke in favor of utilizing “multicultural counseling competency” which he stated would include diversity as well as multiculturalism for individuals to learn how to work with people different than themselves.

Mr. Dynar thanked the AAG for her analysis and stated his concerns that allowing licensees to submit CE credits in this area is different from requiring them to obtain CE in this specific area. Mr. Dynar stated his objections to requiring licensees to obtain CE credits in this area for maintenance of licensure. Dr. Mellott stated that it is incumbent upon psychologists to ensure that they are evolving in an increasingly diverse society and need to be trained to work in a culturally responsive manner. She spoke in support of proceeding with requiring CEs in this area and stated that doing so informs the public and regulated community that the Board cares about these matters and values this training. Dr. Meier spoke in support of requiring these CEs and stated that every psychologist needs this training. Dr. Gill stated that he supported making this a requirement, and Dr. Caterino

The Board discussed whether to require CEs in diversity versus multicultural competency. Executive Director Herbst Paakkonen clarified that the minutes from the Board’s prior meeting reflect a motion to designate 4 CE hours in the subject of multicultural competency content. Dr. Caterino proposed including both subjects. Chairwoman Davis-Wilson stated her concerns that the topic of multiculturalism does not include other marginalized communities that are not commonly seen as cultures. She spoke in favor of using the term “diversity” as it is broader and would include cultural competency. Ms. Shreeve proposed returning this matter to the Board’s next meeting with direction on what would qualify as diversity CE. The Board also instructed Board staff to contact Evelyn Burrell, Psy.D., AzPA President Elect, and Jessica Belokas, BCBA, to also provide input. Ms. Shreeve suggested reaching out to the regulated community as well to request their feedback. Dr. Mellott pointed out that the rule writing process includes a public comment phase that will allow the regulated community to provide feedback.

## **17. DISCUSSION, CONSIDERATION AND POSSIBLE ACTION ON EXECUTIVE ORDER 2021-02 REQUIREMENT TO REVIEW WAIVED AND SUSPENDED RULES DURING PUBLIC HEALTH STATE OF EMERGENCY FOR COVID-19, AND IMPACTS OF THE SAME**

This item was considered around 11:56 a.m.

Executive Director Herbst Paakkonen reported that the Governor’s Office issued this directive through the auspices of an Executive Order and requires the Board to identify waivers or suspended requirements that became effective during the pandemic that should remain in place after the state of emergency has concluded.

The Board discussed the requirement under R4-26-110 relating to providing psychological services through telepractice and observed that the passing of HB2454 may make this moot as it will significantly expand telepractice and remove a number of restrictions that the Board has in place. The consensus of the Board was to continue this particular waiver after the expiration of the state of emergency.

The Board discussed the six month CE extension. Executive Director Herbst Paakkonen reported that the Agency has approved 17 such waivers in the past year and stated that the extensions may not be needed after the lifting of the emergency. The consensus of the Board was to allow this waiver to terminate at the time that the state of emergency is terminated.

The Board discussed the waiver related to the suspension of time limitations on telesupervision and telepractice. Dr. Caterino noted prior limitations on telesupervision to no more than 50% of the supervision hours. Dr. Meier reported that the Board's Rules Committee discussed the Board considering removing the limitations on telepsychology including supervision as it increases access to quality supervision in remote locations. Dr. Meier recognized that COVID has caused psychologists to shift their practices and become more technologically competent with working remotely. He suggested continuing this waiver with the goal of eliminating any percentages pertaining to in-person versus telehealth. The consensus of the Board was to continue this waiver after the expiration of the state of emergency.

The Board discussed the waiver authorizing the Executive Director to approve requests for extension for time to take the examination. Executive Director Herbst Paakkonen reported that she has approved 32 such requests and that it was unclear how soon the testing sites will return to in-person sessions without restriction. The consensus of the Board was to continue this waiver after the expiration of the state of emergency.

The Board discussed the waiver relating to extensions pertaining to licensing time frames that was implemented in anticipation of challenges relating to the administrative and applicant response time frames due to the pandemic. Executive Director Herbst Paakkonen reported that staff continued to struggle with keeping up with the time frames and she asked the Board to continue the waiver.

Chairwoman Davis-Wilson stated that the CBA was concerned regarding the continuation of the BACB's deviation from the requirement for observations with a client certification as it may impact future applicants' competency.

She reported that the CBA recently met with stakeholders and discussed concerns relating to delays in application reviews and recommended development of an ad hoc committee to help develop job tools for Behavior Analysts to further support applicants in their needs and also reduce the workload for Board staff. She stated that there are around 500 temporary license holders who were granted privilege to practice. She stated that it is unclear whether those individuals used a portion of the exemption time prior to obtaining temporary licensure, and she asked the Board to consider whether that time must be shared from prior to and after expiration of the temporary license versus starting a new 20 day exemption after expiration of the temporary license. Dr. Meier spoke in favor of granting the full 20 day exemption after expiration of the temporary license regardless of whether the individual used a portion of the exemption time prior to obtaining a temporary license.

**28. DISCUSSION, CONSIDERATION AND POSSIBLE ACTION REGARDING APPLICATION FOR EPPP ONLY FROM JOHN CZAPLEWSKI, PSY.D. AND CONCERNS REGARDING INITIAL POSTDOCTORAL TRAINING PLAN PROVIDED FOR TEMPORARY LICENSE APPLICATION**

This item was considered around 9:30 a.m.

Dr. Czaplewski participated in the virtual meeting during the Board's consideration of this matter.

The Board discussed tabling this matter until Dr. Czaplewski's clinical psychology supervisor, John Mather, Ph.D., would be available to participate in the discussion. Dr. Mellott pointed out that the Board received correspondence from Dr. Czaplewski that included a letter from Dr. Mather, and she questioned whether the Board needed to hear from him prior to proceeding with this application.

Dr. Caterino summarized that Dr. Czaplewski applied for temporary licensure and EPPP, and submitted a training plan that listed Josh Smith, Psy.D., as his supervisor at Horizon Educational and Psychological Services. Dr. Czaplewski subsequently changed his request to just taking the EPPP, indicated that the training plan was for his school psychologist certification, and clarified that his postdoctoral supervision was being conducted by Dr. Mather with Arizona Neuropsychology Center. Dr. Caterino that there was some confusion with the information submitted, including the applicant's report of having completed the required 2,000 internship hours while the supervisor reported completion of only 1976.5 hours.

Dr. Czaplewski stated that he is working towards becoming a certified school psychologist, that he accidentally listed his training under Dr. Smith on his clinical psychologist application and had no intention of being deceitful. He reported that his postdoctoral supervision is taking place under Dr. Mather at Arizona Neuropsychology Center certain days of the week while also working with Dr. Smith in the school system. In response to Dr. Caterino's questioning related to the hours discrepancy, Dr. Czaplewski explained that he received a waiver for the 25 hour discrepancy due to COVID and his internship was deemed completed. He also clarified that the agreement he signed with Dr. Mather was for one year with an average of 40 hours per week.

Chairwoman Davis-Wilson stated that the training agreement also appeared to be an employment agreement with hours and salary listed. She also questioned whether Dr. Smith was licensed in Arizona. Dr. Caterino stated that Dr. Smith was certified by the Department of Education and questioned whether he was performing psychological and neuropsychological evaluations without a licensed psychologist on staff. Chairwoman Davis-Wilson stated her concerns regarding a possible title violation in that the agreement for Dr. Smith and the applicant appeared to include services that would apply to the practice of psychology by a non-licensed individual.

Dr. Mellott spoke in favor of tabling this matter until such time that Dr. Mather could participate in the discussion to help clarify some of the confusion, and she stated her concerns that Dr. Smith may be serving as a supervisor for individuals seeking a license when such supervision would not qualify towards licensure. Dr. Caterino stated her concerns that the work being done at Horizon was listed as psychological or neuropsychological with no psychologist performing or supervising them. Chairwoman Davis-Wilson spoke in support of tabling this matter until such time that Dr. Mather could join the discussion, either today or at the Board's next meeting.

*The Board recessed from 9:56 a.m. to 10:10 a.m.*

The Board returned to this matter around 12:21 p.m. and Dr. Czaplewski and Dr. Mather participated in the virtual meeting.

In response to Dr. Caterino's questioning, Dr. Mather explained that he was overseeing Dr. Czaplewski postdoctoral work. He stated that he is also overseeing Dr. Czaplewski training that is taking place under Dr. Smith on school campus setting. He clarified that Dr. Czaplewski is currently participating in a single postdoctoral internship at this time while presenting to both sites. Dr. Mather reported that he does not co-sign reports for evaluations conducted at the school and explained that there are some weeks where the applicant worked less than 40 hours while other weeks he may work in excess of 40 hours, which he stated all average out to around 40 hours per week. Dr. Gill stated his concerns regarding balancing the weekly hours as well as issues relating to the discrepancy the reports of hours worked. In response to Dr. Meier's questioning, Dr. Mather confirmed that he takes clinical responsibility for the services being provided by Dr. Czaplewski and that he has access to records at the school.

**MOTION: Dr. Caterino moved for the Board to enter into Executive Session to obtain legal advice pursuant to A.R.S. § 38-431.03(A)(3).**

**SECOND: Dr. Meier**

**VOTE: The following Board members voted in favor of the motion: Chairwoman Davis-Wilson, Vice-Chairman Davey, Dr. Meier, Dr. Caterino, Mr. Dynar, Dr. Gill, Dr. Mellott and Ms. Shreeve. The following Board member was absent: Ms. Laboy.**

**VOTE: 8-yay, 0-nay, 0-abstain, 0-recuse, 1-absent.**

**MOTION PASSED.**

The Board entered into Executive Session at 12:35 p.m.

The Board returned to Open Session at 12:39 p.m.

No legal action was taken by the Board during Executive Session.

Dr. Meier stated that while the contracts were not clear, he did not find any type of violation by using a school psychologist for some of the supervision. He stated that a licensed psychologist is required to take clinical responsibility for all services provided by the applicant, which Dr. Mather has confirmed in this matter for Dr. Czaplewski. Dr. Caterino stated that there did not appear to be any record to show that Dr. Mather reviews all of Dr. Czaplewski's work at the school since he does not sign those reports. She questioned how parents are being informed that Dr. Mather is the applicant's supervisor. Chairwoman Davis-Wilson questioned whether the parents had access to Dr. Mather for any questions or concerns. Dr. Meier stated that the training plan is not clear on those issues, and stated that the parents should be informed through the consent process that the applicant is under the supervision of Dr. Mather as well as the pathway to reach him.

Dr. Gill agreed that the training plan was not appropriately articulated and has caused a lot of confusion in this matter, and stated his concerns regarding the hours reported. Dr. Meier commented that the hours are typically treated as an average since it has been an issue on the majority of applications reviewed. Dr. Caterino stated it was her understanding that the hours could not be averaged out, and Dr. Gill stated it was confusing which hours applied to the two different programs happening simultaneously. Ms. Shreeve questioned how to reconcile the discrepancies with the information discussed today in order to move forward. The Board discussed requesting the applicant to submit a new training plan that is clear and to suggest that Dr. Mather co-sign the reports from the school as it would resolve a lot of the conflict and would clarify the supervision concerns. Dr. Meier stated that he did not believe Dr. Mather was required to sign the reports from the evaluations occurring under Dr. Smith. Chairwoman Davis-Wilson commented that having Dr. Mather sign those reports may be best practice, but cannot be mandated by the Board as a requirement.

Chairwoman Davis-Wilson stated her concerns regarding the possible title violation by Dr. Smith as well as concerns relating to the types of services being conducted by Horizon by Dr. Smith. She stated that the documentation submitted in this matter clearly indicates that Dr. Smith was providing supervision for the individual to apply towards licensure in Arizona. Dr. Caterino stated her concerns regarding the website listing services for psychology and neuropsychology without a licensed psychologist on staff.

**MOTION: Chairwoman Davis-Wilson moved for the Board to open a complaint for potential title violation against Dr. Smith for practicing without a license.**

Vice-Chairman Davey noted that this matter was not reviewed by the Committee on Behavior Analysts ("CBA") and proposed referring this matter to the CBA for review and recommendation back to the Board. He
