**Requesting Approval to Sit for Examination (EPPP) Only**

Rachel Mark, Psy.D. – Committee members proceeded with a substantive review of Dr. Mark's application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Mark's application to the full Board for approval to take the EPPP.

Dr. Brundage made a motion, seconded by Dr. Wechsler, to forward Dr. Mark's application to the full Board for approval to sit for the EPPP. The motion carried (2-0).

**Requesting Approval to sit for Examination (EPPP) & Licensure**

Anna Adams, Psy.D. – Committee members proceeded with a substantive review of Dr. Adams' application and subsequent materials. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Adams' application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Kathleen Brennan-Glynn, Ph.D. – Committee members proceeded with a substantive review of Dr. Brennan-Glynn's application. Upon review of Dr. Brennan-Glynn's Supervised Psychology Internship or Training Experience Verification form from Maricopa Medical Center – AZ Burn Center, Dr. Brennan-Glynn's supervisor (Dr. Pereyra) indicated that Dr. Brennan-Glynn completed a total of 1,655 hours of experience from October 15, 2007, to August 29, 2008. Additionally, Dr. Pereyra indicated that Dr. Brennan-Glynn's internship **was** approved by the American Psychological Association and by the Association of Psychology and Postdoctoral Internship Center. Upon review of Dr. Brennan-Glynn's Supervised Psychology Internship or Training Experience Verification form from Maricopa Medical Center, Dr. Brennan-Glynn's supervisor (Dr. Barry) indicated that Dr. Brennan-Glynn completed a total of 1,655 hours of experience from October 15, 2007, to August 29, 2008. Additionally, Dr. Barry indicated that Dr. Brennan-Glynn's internship was **not** approved by the American Psychological Association and by the Association of Psychology and Postdoctoral Internship Center." The Committee requested clarification as to whether Dr. Brennan-Glynn's internship was not approved by the American Psychological Association. Additionally, the Committee noted that Dr. Brennan-Glynn failed to answer questions number 27 & 29 on page 7 of the application. The Committee requested that Dr. Brennan-Glynn complete questions number 27 & 29 and return page 7 to the Board office.

India Collins, Psy.D. – Committee members proceeded with a substantive review of Dr. Collins' application. Upon review of Dr. Collins' Postdoctoral Professional Psychology Experience Verification form from Anka Behavioral Health, Dr. Collins' supervisor (Dr. Thurston) indicated that Dr. Collins completed a total of 1,565 postdoctoral experience hours. Upon reviewing Dr. Thurston's subsequent calculations, it was noted that Dr. Brennan-Glynn accumulated a total of 1,469 of direct client contact hours. The Committee noted that if Dr. Collins obtained 40 hours of experience for 48 weeks, as indicated on the form, then her total number of experience hours would be 1,920 hours. Additionally, the Committee expressed concern regarding the number of direct client contact hours Dr. Collins' obtained. For example, if Dr. Collins' obtained 1,469 hours of direct client contact that would be equivalent to approximately 37 hours a week spent in direct client contact. The Committee requested clarification of Dr. Collins' postdoctoral hours.

Raymond-Steven Almora Fernandez, Psy.D. – Committee members proceeded with a substantive review of Dr. Fernandez's application and subsequent materials. Upon review, the Committee noted that Dr. Fernandez submitted supervised preinternship experience hours to meet the supervision requirement. The committee requested that Dr. Fernandez submit a letter for his application file explaining his intent to submit preinternship hours in lieu of his postdoctoral supervision hours. Upon receipt of Dr. Fernandez's letter it was the consensus of the Committee to move Dr. Fernandez's application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Katherine Hadlandsmyth, Ph.D. – Committee members proceeded with a substantive review of Dr. Hadlandsmyth’s application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Hadlandsmyth’s application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

William Thomas Joshua Johnson, Ph.D. – Committee members proceeded with a substantive review of Dr. Johnson’s application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Johnson’s application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Sandra Klar, Psy.D. – Committee members proceeded with a substantive review of Dr. Klar’s application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Klar’s application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Genomary Kirgbaum, Psy.D. – Committee members proceeded with a substantive review of Dr. Kirgbaum’s re-application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Kirgbaum’s re-application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Meagan Lentz, Psy.D. – Committee members proceeded with a substantive review of Dr. Lentz’s application and subsequent materials. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Lentz’s application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Darren Love, Psy.D. – Committee members proceeded with a substantive review of Dr. Love’s application and subsequent materials. Upon review, the Committee noted that Dr. Love’s supervisor did not document that Dr. Love received one hour of face-to-face supervision per twenty hours worked per week during Dr. Love’s supervised postdoctoral experience, otherwise the materials submitted were complete and fulfilled the requirements of statutes and rules. The Committee requested that Dr. Love’s supervisor submit a letter to the Board attesting that Dr. Love received one hour of face-to-face supervision per twenty hours worked per week during Dr. Love’s supervised postdoctoral experience. Upon receipt of the letter, it was the consensus of the Committee to move Dr. Love’s application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Mary Mika, Psy.D. – Committee members proceeded with a substantive review of Dr. Mika’s application. Upon review of Dr. Mika’s Supervised Preinternship Experience Verification form from Northwestern University, Dr. Mika’s supervisor (Dr. Kim) indicated that Dr. Mika completed a total of 569 hours of experience. Upon reviewing Dr. Kim’s subsequent calculations, it was noted that all supervision was group supervision and that Dr. Mika did not accumulate any hours of individual supervision. Additionally, upon review of Dr. Mika’s Supervised Preinternship Experience Verification form from Adler School of Professional Psychology, it was noted that all supervision was group supervision and that Dr. Mika did not accumulate any hours of individual supervision. At this time the Committee cannot accept Dr. Mika’s preinternship experience hours from Northwestern University or Adler School of Professional Psychology because it does not fulfill the statutory requirements of A.R.S. §32-2071(E)(4)(c) “At least one

hour per week of regularly scheduled contemporaneous face-to-face individual supervision per twenty hours of supervised preinternship professional experience that addresses the direct psychological services provided by the student.” Additionally, upon review of Dr. Mika’s Postdoctoral Professional Psychology Experience Verification form from Palos Behavioral Health Professionals, Dr. Mika’s supervisor (Dr. Harrow-Pearlman) indicated that Dr. Mika completed a total of 735 postdoctoral experience hours. Upon reviewing Dr. Harrow-Pearlman’s subsequent calculations, it was noted that Dr. Mika accumulated a total of 441 hours of individual face-to-face supervision. The Committee expressed concern regarding the number of individual face-to-face supervision hours Dr. Mika obtained. For example, if Dr. Mika obtained 441 hours of individual face-to-face supervision that would be equivalent to approximately 13 hours a week spent in individual face-to-face supervision. The Committee requested clarification regarding Dr. Mika’s postdoctoral face-to-face supervision hours. Additionally, the Committee noted that Dr. Mika failed to correctly complete question number 29 on page 7 of the application. For example, if Dr. Mika completed 2,026 hours of supervised psychology internship then Dr. Mika would have accumulated a total of 526 additional internship hours. The Committee is requesting Dr. Mika correct question number 29 and return page 7 to the Board office.

Sue Moler, Psy.D. – Committee members proceeded with a substantive review of Dr. Moler’s application. Upon review of Dr. Moler’s Postdoctoral Professional Psychology Experience Verification form from White Mountain Psychological Services Inc., Dr. Moler’s supervisor (Dr. Arnett) indicated that Dr. Moler completed a total of 2,560 postdoctoral experience hours from August 2010 to October 2011. Upon reviewing Dr. Arnett’s subsequent calculations, it was noted that Dr. Moler accumulated a total of 116 hours of individual face-to-face supervision and 255 hours direct client contact hours which does not fulfill the statutory requirements of A.R.S. §32-2071(G)(5) “Regular face-to-face, individual supervision is conducted on a contemporaneous basis, with a minimum of one hour of face-to-face, individual supervision for each twenty hours of supervised professional experience. At least six hundred hours of the supervisee’s time shall be in direct contact with clients.” At this time Dr. Moler remains 12 hours deficient in individual, face-to-face supervision and 252 hours deficient in direct client contact hours. Additionally, the Committee noted that Dr. Arnett did not have Dr. Moler’s Postdoctoral Professional Psychology Experience Verification form from White Mountain Psychological Services Inc., for the period from August 20, 2011 to March 30, 2012 notarized. The Committee is requesting that the form be notarized and returned to the Board office.

Mary Oakley, Psy.D.

Committee members proceeded with a substantive review of Dr. Oakley’s application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Oakley’s application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Eddie Ornelas, III, Ph.D.

Committee members proceeded with a substantive review of Dr. Ornelas’ re-application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Ornelas’ re-application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Elizabeth Powell, Psy.D. – Committee members proceeded with a substantive review of Dr. Powell’s application. Upon review of Dr. Powell’s Postdoctoral Professional Psychology Experience Verification form from Tripler Army Medical Center, Dr. Powell’s supervisor (Dr. O’Leary) indicated that Dr. Powell completed a total of 850 postdoctoral experience hours. Upon

reviewing Dr. O'Leary's subsequent calculations, it was noted that Dr. Powell accumulated a total of 255 hours direct client contact hours. Pursuant to A.R.S. §32-207(H) "In meeting the supervised preinternship professional experience as described in subsection E and the supervised professional experience as described in subsections F and G, an applicant shall not receive credit for more than forty hours of experience per week". At this time, the Committee can only accept 680 hours of Dr. Powell's postdoctoral experience. Additionally, the Committee noted that Dr. Powell is deficient in the total number of direct client contact hours for her postdoctoral professional psychology experience which does not fulfill the requirements of A.R.S. § 32-2071(G)(5) "At least six hundred hours of the supervisee's time shall be in direct contact with clients." For example, if Dr. Powell obtained 40 hours of supervised experience for 17 weeks her total hours of experience would be 680 hours in which case she would need 272 hours (40%) of direct client contact to meet requirements.

Tabatha Sandman Kerr, Psy.D.

Committee members proceeded with a substantive review of Dr. Kerr's application. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. Marloes Verhoeven, Psy.D.

Committee members proceeded with a substantive review of Dr. Verhoeven's application and subsequent materials. Upon review, the Committee noted that the materials submitted were complete and fulfilled the requirements of statutes and rules. It was the consensus of the Committee to move Dr. Verhoeven's application to the full Board for approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee.

Dr. Wechsler made a motion, seconded by Dr. Brundage, to forward the applications of Anna Adams, Psy.D., Katherine Hadlandsmyth, Ph.D., William Thomas Joshua Johnson, Ph.D., Sandra Klar, Psy.D., Genomary Krigbaum, Psy.D., Meagan Lentz, Psy.D., Mary Oakley, Psy.D., Eddie Ornelas, Ph.D., Tabatha Sandman Kerr, Psy.D., Stevie Stanford, Ph.D., Jennifer Thompson, Psy.D., Grizelda Valenzuela, Psy.D. and Marloes Verhoeven to the full Board for review and approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee, and to forward the applications of Raymond-Steven Almora Fernandez, Ph.D. and Darren Love, Psy.D. to the full Board for review and approval to take the EPPP and licensure upon a passing score and payment of the pro-rated licensure fee upon receipt of the requested letters described above and to issue RAID letters to Kathleen Brennan-Glynn, Ph.D., India Collins, Psy.D., Mary Mika, Psy.D., Sue Moler, Psy.D. and Elizabeth Powell, Psy.D. regarding the deficiencies discussed in their applications. The motion carried (2-0).
